Dear Paul:

In July, near the end of our 1986 summer camp season, Ron Patterson admitted to officer Gary Armstrong of the Medford Police Department that he had on several occasions entered the tents of sleeping Scouts and fondled their private areas.

The enclosed Medford Police Department Case report, which is highly confidential, provides all the investigation background.

Ron Pattersons' trial in the Klamath County Court system has been delayed time and again with continuances and motions to suppress the evidence. However in the fall 1987 Patterson pled guilty to sexual abuse II and was sentenced on December 29, 1987. A copy of the sentence order is enclosed.

Mr. Patterson is not currently registered, and I suggest that the Boy Scouts of America take the proper steps to make sure he does not register at the end of his probation period three years from now.

If you need any additional information please let me know.

Sincerely,

Ed Weiseth
Scout Executive

CONTINUATION REPORT

411 W. 8th Medford, Oregon 97501

This Continuation Report is in reference to a reported child abuse which occurred at Camp McLoughlin, Lake of the Woods, Klamath County, Oregon between the time of 7-15 and 7-18, 1986.

On July 18, 1986 writing officer went to the Boy Scout Camp located at Camp McLoughlin, Lake of the Woods, Klamath County, Oregon to put on a seminar on locating and identifying children who are sexually and physically abused to scout masters at the camp. Writing officer while at that location was advised that the problem had occurred and that a suspect had been located.

Writing officer after putting on the program contacted the Camp Director, Ferris Simpson, whose residence is [redacted], Grants Pass, Oregon, home phone [redacted], business phone number [redacted] and Camp McLoughlin phone number [redacted]. Writing officer also contacted Dennis Helland who is the program director for Camp McLoughlin, home address [redacted], phone number [redacted]. Writer also contacted the Camp Ranger, Philip M. Nydyck, address of [redacted] Shady Cove, Oregon.

Writing officer was advised by the three gentlemen that rumors started surfacing on Tuesday of a child having been sexually fondled by someone between the hours of 2:00 AM and 3:30 AM. They stated that since I was coming up on Wednesday tentatively, they decided to contact me and advise me of the situation. I was unavoidably detained, however, on Wednesday so it was Friday before I arrived at the camp and was advised at that time that rumor had it that two more boys had been sexually abused on Thursday night / Friday morning.

Reporting Officer(s) Armstrong	Off. I.D. Number 085	Days Investigations	Accy. Date 14/1
-----------------------------------	-------------------------	------------------------	--------------------

Writing Officer was advised by Mr. Simpson that they had been advised that the troops involved on Thursday night/Friday morning were Troop 40 and 112, however, were unable to identify who the boys were.

Armed with that information Mr. Helland and Mr. Dodyck stated that they did do some checking around the camp and found footprints around the tents and followed those in broken succession to the staff cabins and armed with the very sketchy description they were able to identify the person that they felt was responsible for the sexual assaults. The sexual assaults were described as someone sneaking into the tent, reaching into a sleeping bag and fondling the genital area of the boys.

Writing officer at that time contacted the father of the suspect, [REDACTED] of [REDACTED], Eagle Point, Oregon, phone [REDACTED]. Mr. [REDACTED] was advised that a situation had occurred in camp on 3 occasions and that his son was believed responsible. His son is 18 years of age, however, we felt that it was important that his father be aware of the situation before contact was made.

At approximately 1150 hours on the 18th of July, writing officer contacted the suspect and identified him as Patterson, William Ronald Daniel, [REDACTED], Eagle Point, Oregon, phone [REDACTED], DOB of 061068, described as having brown hair, 5-9, 155, OOL [REDACTED].

Writing officer advised the suspect of the reason that he had been called into the office and I advised him that if we were able to locate victims, criminal charges would probably be pressed against him. I asked him if he wished to discuss the situation with me at that time and at that point he stated that yes he had in fact fondled the genital areas of 3 boys during the week.

CONTINUATION REPORT

Medford Police Dep.
411 W. 8th Medford, Oregon 97501

Writing officer asked him if he could expound on that and he stated on Tuesday night he had snuck into a camping area reserved for special camping personnel who were working on merit badges and had reached inside of a sleeping bag and fondled the genital area of the boy there. He did not seem to know who the boy was only that he had fondled the genital area.

William Patterson then stated on Thursday night he again went to the area of Troop 40 and 112 and fondled one boy in each by first sneaking into their tent area, reaching into their sleeping bag and fondling their genital area. He stated each time he left before the person was awake so they would not see who he was.

After discussing the problem with William for a short time, writing officer asked Mr. Patterson and Ferris Simpson, the camp director to come into the room. William admitted to both his father and to Ferris Simpson that he had been the one responsible for the activities in camp and apologized. He also advised Mr. Simpson that he would be leaving the camp so no further problems would occur while he was there. Writing officer again advised William Patterson that if a victim was identified that criminal charges would be filed against him in a court and that he would have to answer to those charges at that time. William Patterson stated that he understood that what he had done was wrong and was very apologetic.

At approximately 1600 hours on the 18th, writing officer contacted Steve Klous of Children Services Division and advised him of the situation at Camp McLoughlin. Writing officer advised him that we were in the process of attempting to

Reporting Officer(s) Armstrong	Off. I.D. Number 085	Dept. Investigations	Report Shift Days	Assign Date
-----------------------------------	-------------------------	-------------------------	----------------------	-------------

locate a victim so we would be able to file criminal charges or at least advise Klamath County of the incident so they could take appropriate steps there.

On July 21, 1986, writing officer was contacted by [REDACTED] and a [REDACTED] and advised that he had been a victim of one of the assaults. Writing officer asked them if they would mind coming to the Medford Police Department and contacting Investigator Lloyd where a report could be taken and processed through the system. At approximately 1215 hours, on the 21st both [REDACTED] and her son did arrive and a report was filed by investigator Lloyd.

As of the time of this report we have not been able to identify the other victims at camp, however, an attempt is still being made by the Camp Director Ferris Simpson and other staff at camp. It should be noted that the boys involved have now left the camp.

Writing officer advised all of the scout masters that should they determine if one of their children is abused that they should contact the parent of the child immediately and make sure they are aware of it and also take appropriate steps in seeing that is reported.

Writer has no further information available at this time. End of Report. Officer Gary H. Armstrong, 7-22-86, 1108 hrs.
